Dear Mr. Dite,

**Re: CIVIL PENALTY ACCREDITATION SCHEME**

I am pleased to tell you that the accreditation status granted to Dite Spedition s.r.o has been extended for a further year, until 10th February 2018. This accreditation will be reviewed on a regular basis, especially if clandestine entrants are carried by one of your company's vehicles.

If clandestine entrants are discovered in vehicles which your company owns or hires, a representative of the company will not need to be interviewed regarding the incident and a penalty will not normally be imposed on the company. Your driver will be interviewed regarding the incident and a penalty may be imposed on him/her, for which your company, as employer of the driver, will be jointly and severally liable.

A penalty may be imposed on your company however, if we discover that your system in place differs from that which was described to us at the time of your application to join the scheme, or if it is no longer as effective as it was. If we discover that false information was presented in order to gain accreditation to the scheme, we reserve the right to impose a penalty on your company if clandestine entrants are carried.

We will inform you of any incident regarding the discovery of clandestine entrants in your vehicles so that you can review your system and we would be pleased to offer you advice on how to keep your system effective. If you have any queries regarding this scheme or your accreditation, please do not hesitate to contact me.

Yours sincerely
